A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening nervine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy OF KNOWN COMPOSITION, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest *of his* and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Suicide of Mrs. Hau.

Dispatches from Switzerland last night brought news of the suicide yesterday of Mrs. Karl Hau, wife of the George Washington University professor of law, awaiting trial at Carlsruhe, Germany, for the murder of his mother-in law, Mrs. Molitor.

Mrs. Hau threw herself into a lake in Pfaeffikon canton, near Zurich, where she was staying with her six-year-old daughter O ga.

Hau was arrested by London detectives last November on the charge of having murdered Frau Molitor at Baden-Baden. He denied all knowledge of the crime. Later he was extradited to Germany, where he was examined as to his mental condition, and found to be of sound mind. He was pending trial, for which the German consul at Washington has been collecting evidence.

The principal details of the shooting of Frau Molitor are as follows: On November 6 she was called to the telephone at her home in Baden-Baden and received a request to go to the postoffice and get a parcel that was there for her. She started at once, accompanied by her younger daughter. When passing through a quiet street a shot was fired from behind, and she fell dead, shot through the heart.

The man who fired the shot was seen, but escaped. He was described as being of medium height and, apparently, under forty years of age. He wore an obviously false beard. It was thought that the assassin was undoubtedly the man who called Mrs. Molitor on the telephone. It was stated that Mrs. Molitor had been threatened with death on several occasions, and that a number of plots had been laid against her, but had gone astray.

Minister's Change of Faith.

Rev. Norman R. Smith, who announced to his congregation at the Wesley Methodist Church in Peters burg last Sunday that he intended joining the Baptist denomination, has given out a written statement, giving his reasons for his change of faith. Mr. Smith is to join the First Baptist Church in Petersburg, and is to be ordained as a Baptist minister. Rev. Mr. Smith talked to the First Baptist Church congregation Wednesday night.

Rev. Mr. Smith made a statement. Among other things it contained the following:

"I feel that in justice to myself and and also the public, I should state my reasons for leaving the Virginia Conference and the Methodist Church. A little over twelve months ago my attention was directed to the subject of infant baptism. Previous to that time I had studied the question only from a Methodist point of view. I was led again to make a thorough and careful study of the subject from the New Testament standpoint, and I reached the conclusion that the practice of infant baptism was unknown to the apostolic churches; that only believers were baptized by the apostles, and that the practice of infant baptism grew out of the doctrine of baptismal regeneration. I am furthermore convinced that the New Testament mode of baptism was by immersion. Another thing that influenced me in my decision to leave the Methodist Church is the question of church government. I believe in independent church government. That a church, and not a bishop or presiding eldor, should settle the question of a minister's fitness or unfitness to serve it as pastor."

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

A Modest Demand.

The President had a caller Thursday, or at least he made an attempt to see Mr. Roosevelt, and declared that his mission was to make a "quick touch" on the President and ask him to give him $1,000,000. The man evidently thought the President carried the Treasury vaults around with him, for he declared that he wanted the money right away, and didn't care much whether he got it in one note or in pennies. When he arrived at the executive offices of the White House he greeted Officer Dalrmyple in a cheery tone, mentioning, in a sort of casual way: "I am a great man of God." Before the officer could answer the stranger he announced that his name was August Franke, from Dubuque, Ia., and then stated his mission.

"I want to see the President, because he is going to give me a million dollars." The officer at once knew that the man was not fit to see the President, and remarking that he had better sit down and wait until the President had counted out the million, Mr. Franke was led to a chair in the vestibule and police officers were summoned.

Franke made no resistance or objection to going with the police to the station house, where he was examined and sent to St. Elizabeth's, the Government Hospital for the Insane, where he will be held until his relatives in Iowa can be notified.

A Pound of Gold.

George Rector, who says he landed at Baltimore Thursday from Liverpool, was at police headquarters in Washington yesterday and asked to be told the road to Warrenton. Sometime ago, he said, when a neighbor sold a load of cattle to a cattle dealer, the latter engaged him to go to Liverpool on a cattle ship.

"He told me that if I went he would give me a pound of gold," said Rector, in innocent simplicity. "When I landed at Liverpool he gave me a piece of gold money which he said was a pound, and which I found was worth about $4.80. I thought he meant a real pound of gold, and when I said so the man only laughed."

The police did not laugh, but gave Mr. Rector some good advice as to the shortest road for Warrenton.

SATURDAY EVENING, JUNE 8, 1907.

THE Potomac fishing season of 1907 has closed and is regarded as the poorest ever known. Not only has there been a scarcity of shad but of herring also, and of nearly every other kind of fish. Shad was once considered the poor man's food but this fish is so high now that only the well-to-do can afford to buy them. Information from various sections concerning the actual depletion and prospective exhaustion of the shad fisheries affords another illustration of that reckless wastefulness on which frequent comment has been made in connection with other natural resources of this continent. The astonishing fecundity of the shad has long been proverbial. If every female shad were permitted to deposit her eggs, and the eggs were all hatched and the young shad all grew to maturity, the waters would doubtless soon be overpopulated. Natural circumstances, however, even in the most favorable conditions, prevent more than a small proportion of the eggs from producing fish, and it is within the power of men to so lessen that proportion as to threaten that most prolific creature with actual extermination. The shad must ascend rivers to deposit the eggs in fresh water. If, then, our fishermen capture the fish as they ascend or before they ascend the streams, and specially capture the gravid females before they have deposited their eggs, they prevent reproduction and effect extermination. The great popularity of shad roe as an article of food has led to an aggravation of the evil. The ruthless grab-all operations of the stake nets and of the menhaden fishermen have greatly increased the slaughter. The pollution of rivers with sewage, and especially with the poisonous waste of factories, has largely repelled from their old spawing grounds such fish as escape the nets and has played havoc with the young fish which are hatched. There is little wonder, then, that shad and shad roe seem destined in a very few years to become rare luxuries and within the measurable future to become unknown save in regretful memory. It would seem to be competent and appropriate for the federal and state governments both to take action in the matter. The desired end could probably be attained by the establishment of a brief "close season" on shad rivers in alternate years.

THE speech of Speaker Cannon at a banquet at Guilford, N. C., last week, in which he referred to the negro question has caused considerable comment. While regarded in the South as practical and abounding in common sense, in other quarters it has become a subject for criticism. Mr. Cannon said in all history no two races, one superior, one inferior, had lived side by side on terms of eqality, and that the Caucasian and the African could not do it. "You are dealing with the matter right and proper," he said. "The South alone can handle the job and is alone responsible." The Speaker declared for States' rights strongly, and paid a high compliment to the Amendment which the republicans of North Carolina fought bitterly, not calling it by name, but lauding a measure that threw restrictions around the ballot box. The South was settling the negro problem, he said.

IF THE fine of $1,623,900 imposed in Texas on the Waters-Pierce branch of the Standard Oil Company should be ultimately affirmed on appeal the amount could be squeezed out of the consumers, of course, by a single turn of the screw. How the judgment of ouster, that accompanies the fine, will be circumvented must be shown by the event. When the license of the first Waters-Pierce Company to conduct business in Texas was revoked, seven years ago, the new company under the same name was immediately incorporated in Missouri and admitted into Texas on the strength of sworn statements as to the ownership of its stock. To "perjure oneself like a gentleman" seems to be regarded as a duty by company promoters as well as by co-respondents in a divorce case.

TWO MORE preachers have gotten into trouble by mixing up in municipal issues. Rev. J. Primrose and Rev. A. F. Berkstresser, temperance crusaders, in Frontenac, Kansas, who had been arrested on a charge of selling liquor, were attacked and severely beaten by twenty saloon sympathizers Thursday night after being released from jail. One man struck Rev. Mr. Primrose in the mouth with a heavy stick, and both ministers were knocked down and kicked in the face. When they finally escaped both were cut and bruised so badly that blood ran from wounds in their faces. They had been buying liquor in Frontenac saloons for evidence against the keepers and were arrested on charges trumped up by the saloon keepers for revenge.

THE EVIDENCE of Orchard at Boise, Idaho, is still furnishing sensational reading, and his cross-examination shows him to be one of the most cold-blooded murderers that have infested the earth. East India thugs are not to be compared to this modern fiend. He coolly tells the world that he is a murderer by profession, and a wholesale one at that; that he has no fixed principles and was in the employ of railroad companies, mine-owners and detectives at a time when he was exploding dynamite and using pistol, dagger and poison at the instigation of of an "inner circle" of the Western Federation of Miners.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, June 8.

Not yet, but perhaps later. This sums up the results of last night's anti-trust conference at the White House, so far as the prosecution of Harriman is concerned. The rest of the administration's "trust busting" programme will be carried out substantially as previously outlined in these dispatches. The next prosecution to be gotten under way will be that of the anthracite coal carrying combine, papers in which will probably be filed in Philadelphia next week. Suits against other alleged illegal combinations will be begun as soon as the Department of Justice can get them in shape. One or two will likely go over till fall, on account of inability to secure all the evidence necessary at this time. These matters were left largely to the convenience and discretion of the attorney general. So much difference of opinion developed at the conference over the Harriman case, that it occupied most of the three hours session. It was this difference of opinion that caused the President to defer a decision in the matter until the Interstate Commerce Commission shall have made its report on the investigation into the Harriman operations. After that report is filed, it will go to the Department of Justice, when, as stated in the announcement made by Secretary Loeb, after the adjournment of the conference, Attorney General Bonaparte will "carefully consider" it. This means nothing else than that any plans the administration may have had looking to the early prosecution of Harriman have been abandoned. The fact is, the President is at sea. The conservative members of the Cabinet are urging him to drop the Harriman matter for the present. Even Chairman Knapp, of the commission, has expressed himself as doubtful whether Harriman could be successfully prosecuted on the evidence thus far adduced. The impression seems to be gaining ground in official circles that Harriman has kept within the limit of the law in his various manipulations and there are those who make the unqualified prediction that he will never be prosecuted. The President himself is said to have remarked recently that although he was satisfied that Harriman was morally culpable, he was doubtful whether there was any law to cover most of the offenses with which he has been charged. It is a serious question also whether absolute immunity has not already been accorded Harriman by the government in the fact that he has testified under summons relative to the matters on which a prosecution would be based. The immunity would not, of course, extend to the railroads themselves which are charged with maintaining an illegal combination in restraint of trade and competition. But the evidence as to such alleged combination is believed by many to be entirely inadequate.

The threshing out of many hidden army post scandals and hidden jealousies of high army officers is promised when the damage suits Mrs. Alexander Ayres, wife of Lieutenant Colonel Ayres, has instructed her attorney to bring against officials of the government military academy whom she blames for the War Department order barring her from the academy grounds, are brought to trial. The jealousies of "tin soldiers" against real war veterans is declared by friends of the Ayres to be behind the whole affair. Col. Ayres, who served brilliantly in the Spanish-American war, is not a West Pointer. He stands an equal chance for promotion to brigadier-general, however, with many West Point graduates. The jealously of officers whose services to their country has been mostly rendered in Washington or at some sleepy army post is said to be behind snubs and slights offered Mrs. Ayers. The affair culminated when she criticized West Point officials drawing the response of allegations against her which she says resulted in making her unwelcome at West Point where her son is a cadet. To prove her claims for damages aggregating $100,000 against the officers she claims slandered her, Mrs. Ayres is said to be preparing to air other scandals where West Pointers have been guilty of slights and offences to unpopular men who have gained promotion through conspicuous services.

The President shook hands today with the champion baseball players of the world. Doc. White, the star pitcher of the Chicago Americans led his associates White Sox to the White House and introduced them to Mr. Roosevelt. It was merely a handshake the President gave the Americans, for he was overrun with persons who sought to have a last word with him before his departure from Washington for the summer.

An accident occurred at 11:30 this morning at the New Gaiety Theatre in course of construction on Ninth street northwest. The ceiling fell burying four workmen, who were rescued and taken to the Emergency Hospital.

Prefers his Mother's Grave.

Chicago, June 7.—Charlie Hopkins wanted to be near his dead mother, so every night he went to the cemetery and slept on her grave. Today he is at the Harrison street police station, after being taken from the cemetery by a policeman. There is no charge against the boy.

Charlie's mother died last February. Since then a stepmother has come to his house; the stepmother was good to him, but she was not his mother. That is why the boy preferred his mother's grave as a sleeping place rather than a warm bed.

Margaret and Helen Curtis, ten and eleven years old, living in Cleveland, Ohio, entered into a suicide pact yesterday and succeeded partly in carrying it out. Both are dying in a hospital. After colliding with a tall tree shortly after leaving the Jamestown Exposition grounds yesterday afternoon, the air ship Godet, Capt. The Supreme Court of the District of Columbia yesterday overruled a motion for a new trial in the case of the Catholic University of America against John F. Waggaman to recover $78,000 on promissory notes drawn to the order of the late Thomas E. Waggaman, formerly treasurer of the Catholic University. A verdict for the defense on the ground that the statute of limitation applied was recently rendered by the court. The university has appealed the case.

Orchard while being cross-examined at Boise, Idaho, yesterday admitted that he had been treacherous to his comrades by telling railroad officials of a train-wreckers' plot. He received the pay of railroad a detective while accepting the alleged money of labor leaders. Orchard admitted the militia at Cripple Creek did not molest him or search his house, and that he was under the protection of a railroad detective. He was jealous because the "simple" task of railroad-wrecking was given to others.

Duquoin and the western portion of Perry county, Illinois, were swept last night by the most destructive cyclone in many years. The cyclone was accompanied by a cloudburst. The cyclone formed early in the evening northwest of Duquion, and swept in a southeasterly direction. Everything in the path of the storm was demolished or damaged. At least 100 residences were wrecked. The roof of one house was carried fully a quarter of a mile. Many houses were lifted from their foundations, and mine tipples blown away.

Miss Mary E. Griffin, thirty-eight years old, who arrived in St. Louis, Thursday, from Perth Amboy, N. J., to meet and marry James F. Scarff, aged thirty, a telegraph operator of Waco, Tex., returned home yesterday. Before leaving she told the police Scarff took her purse, containing all her funds and a $200 pearl stick-pin, and disappeared. Scarff met her at the depot and took her to the Milton Hotel. Later they secured a marriage license. At 7 o'clock he left, telling her to don the wedding gown she brought from home while he went after a minister. She waited for him until midnight attired in the bridal gown.

An important conference was held at the White House last night for the purpose of enabling the President to determine whether prosecutions should be instituted against E. H. Harriman and his associates in the management of his railway interests for violating the laws to prevent combinations in restraint of trade No definite conclusion was reached by Mr. Roosevelt and those with whom he sought counsel. It was agreed that more complete and more comprehensive report of the evidence involving the Harriman railway combination and manipulation was necessary to enable the President to determine a course of action. The Interstate Commerce Commission, which is divided on the subject of prosecuting Mr. Harriman, will prepare its case and submit it to the Attorney General, who will consider it and then report his conclusions to the President.

Mrs. Olivia Claggett Patterson, sixty years old, shot herself and died almost instantly at the home of Mrs. Julian J. G. McShane, in Baltimore, Thursday. Mrs. Patterson came from Virginia and had lived in Harford county. Despondency over the illness of her husband, Mr. Frederick E. P. Patterson, is believed to have been the cause of the act.

Charles Lambden, who was a noted scout in the Confederate army during the civil war, died in Winchester yesterday. He was about 70 years old, and leaves no near relatives. He supplied the Confederate commanders with information during the war, and had a reputation for daring. Henry C. Hechler, ex-treasurer of Henrico county, who was summoned by the board of supervisors to settle with the county in accordance with the report made on the treasurer's books by the Messrs. Boudar, expert accountants, appeared before the board recently and gave his check for the amount due. According to the Boudar report Mr. Hechler owed Henrico $16,101.52, the amount being nearly equally divided between the school and county boards.

WILL SUE ARMY MEN.

Superintendent Scott, of the Military Academy, and Lieut. Col. Robert L. Howze, commandant of cadets, who are to be sued by Mrs. Elizabeth Fairfax Ayres for $100,000 damages for excluding her from West Point military reservation, are away now, while Capt. L. W. Oliver, assistant instructor of tactics, and General Stephen C. Mills, inspector, will not discuss the matter.

Ever since the famous Easter parade, when Commandant Howze objected to girls wearing the cadets' overcoats, and sent a sergeant to pluck the garments for the good of discipline, the academy has buzzed with the sayings and doings of Mrs. Elizabeth Fairfax Ayres, of Virginia. It was she who protested heatedly against the action of the commandant in despoiling the young women of the overcoats during a downpour of a very heavy rain, and it was she, according to the officers, who saw to it that the story got into the newspapers, with trimmings.

Just about that time Mrs. Ayres, who is the wife of Col. Charles G. Ayres, just returned from service in the Phillippines, got the idea that her son, Henry Fairfax, a second-class man, was being unjustly disciplined. She hinted that it was a case of jealously, and that "tin soldiers" were envious of the brilliant military record of her husband, and were trying to get even by demeriting the boy whenever half a chance offered.

By special permission Mrs. Ayres was living on the reservation with her daughter Emily, and constantly meeting officers of the post. It was not long until Commandant Howze and Capt. L. W. Oliver, the assistant instructor in tactics, felt they had cause to complain of her attitude toward them. In April, Capt. Oliver wrote a letter to an official in the War Department, declaring that Mrs. Ayres had subjected him to a humiliating attack, and had referred insultingly to Commandant Howze.

Commandant Howze indorsed that letter strongly. He wrote in his indorsement that the conduct of Mrs. Ayres had been reprehensible, and at times, in the presence of the cadets, remarkably vicious. Col. Scott, superintendent of the Academy, wrote a letter at the same time to Adjt. Gen. Ainsworth in Washington, suggesting that the War Department take some action. Then Lieut. Col. Stephen C. Mills, inspector general, came to the Academy from Washington.

As a result of his investigation it was recommended that Mrs. Ayres be not permitted to enjoy the privilege of living on the government reservation at West Point while her husband was with his regiment in the Philippines.

The War Department has refused, so far, absolutely to discuss the case of Mrs. Ayres, but it is known definitely that Secretary Taft has approved the recommendation of the inspector general in regard to the woman.

Mrs. Ayres, with her daughter, left the reservation about the time Col. Stephen C. Mills began the official investigation. She went to live in rooms at Highland Falls. Col. Ayres got back from the Philippines last Saturday, but he has not been talking much about his wife's troubles with the officers in West Point. He was with his wife and daughter yesterday at Highland Falls, when he received a letter from the War Department. He would not say what the letter contained, but declared he would put it in his lawyer's hands.

The Haywood Case.

Boise, Idaho, June 8.—That the defence intends to try absolutely to prove that Harry Orchard, while in Cripple Creek, was in the employment both of the Miners' Association and the Citizens' Alliance there was evident today when it became known that Arthur S. Cole, former Superintendent of Schools of Cripple Creek and Secretary of the Citizens' Alliance, is here to testify for the defense. The state received strong reinforcements during the night in the person of George W. Reddell, the discredited President of the Ureka Utah Union of the Western Federation, who, it is supposed, will give important testimony.

Richardson resumed the cross-examination of Orchard this morning.

Orchard declared the killing of Lyle Gregory was by order of the executive board of the Federation. He was fifty feet from Gregory when he shot. The next day he told Simpkins, Haywood, Pettibone and Moyer all about it and they were highly pleased.

Cripple Creek, Col., June 8.—Mrs. Ida Toney Orchard, one of the wives of the chief witness for the State in the Haywood case, is on her way to Boise to swear, it is said, that her husband was an employe of a detective agency when she married him in 1902, and has continued in that capacity ever since. Mrs. Orchard in a talk with Sheriff Van P. Hull, of Tyler county, said she had reasons to believe Orchard was one of the men responsible for the independence explosion, and that Orchard was paid money for it and that he conspired with a few members of the Western Federation of Miners in order to implicate the leaders of the organization.

Denver, Col., June 8.—Gen. Sherman Bell laughs at what Harry Orchard says about an agreement to kill him and says that Orchard himself knows that Bell was where he could be found at all times. "The fact is," said Bell," Orchard wasn't looking for me and did not want a chance to get me. As regards his testimony he is the biggest liar that ever saw Pike's Peak."

Killed by Cyclone and Cloudburst.

Louisville, Ky., June 8.—Thirty persons perished in a cloud burst which destroyed the town of Gradyville, 12 miles from Columbia, in Adair county, at midnight. Many bodies have already been recovered and several more are in the debris of the wrecked house. Nearly every residence in the town was swept away. At midnight there was a terrific cloud burst which swept the creeks out of their banks. The water rose so swiftly that the inhabitants of the town had no possible way of escape. Most of the people were asleep at the time and were caught in their submerged homes and drowned or caught under the debris and crushed to death. Gradyville is situated at the forks of Big Creek and so located as to be a veritable death trap in such a disaster. It is surrounded by hills. The houses were built along the right side of the creek. The waters rushing down from the upper parts of creek met at the forks and were sweep back from the hills with great force. The village had about 400 inhabitants.

Nashville, Ills., June 8.—A cyclone passing over Newminden late last night resulted in the death of four people and the fatal injury of two while a score of people were less seriously injured. The damage done to property was considerable. On the north side of the church a parochial school was totally destroyed, while on the south side of the edifice the buildings were unharmed. The houses destroyed were about eight in number and were mostly frame cottages. The fact that the storm passed over the edge of the town probably kept the death list down considerably.

The Peace Congress.

The Hague, Netherlands, June 8.—Delegates to the second Peace Congress of The Hague which opens here next Saturday, are already beginning to arrive here. It is expected that by the end of next week every delegate of the powers to be represented will be on the scene. The principal work of the conference will be done by committees before whom the great questions will be first threshed out. The full congress will then pass on the recommendations of the committees. After the first week it is not expected the congress will meet oftener than every ten day.

A telegram felicitation will be sent the Czar of Russia, at whose instigation The Hague Congress was established. The temporary presiding officer, will then nominate M. Nelidoff, Russian Ambassador to Paris, as president. After the selection of other officers the Congress will adjourn until the following week. It is expected the congress will also vote all sessions shall be secret. There is no possibility of the discussion of limiting armaments taking any effective form, owing to Germany's opposition and the instructions given her delegates not to participate in any discussion of disarmament. The chief results expected from the congress will be the settlement of disputed points of international law. The congress will last about two months.

Jewish Immigrants.

Bremen, Germany, June 8.—The greatest significance is attached by members of the Territorial Jewish Organization in the sailing today of the Cecil for Galveston, Tex., with the first colony of Jews to be established in the Southern States under the auspices of the organization. Israel Sangwill, the novelist and lecturer, is head of the movement to colonize Jews in a land where they may establish themselves permanently in communities. The Territorial Organization seceded from the old Zionist Organization in 1905 when a split occurred over the question of promoting the settlement of Palestine. The territorialists recognize the difficulty of ever restoring Palestine to the Jews as a nation and favor colonization in other parts of the world. When the vessel sailed thousands of backers of the new movement were at the pier to say goodbye to the colonists.

Charged With Smuggling.

Boston, June 8.—The trial of Robert B. Roddy, an American, and Hore-Yen, a Chinese, on the charge of complicity in bringing into the country two Chinese women, is expected by the government authorities to reveal a general plot for smuggling in barred Chinese women. Requisition was made today for Hore-Yen, under arrest in New York, and the men will be arraigned as soon as he is arrested. In September Hore-Yen was stopped on the Canadian border in trying to bring in two Chinese women. He made affidavit they were his wife and daughter, and three Boston men, including Roddy, supported his claim. Later the women were taken to New York. Investigation convinced the authorities that Hore-Yen's story was false and arrests were ordered. Roddy was caught, but the other alleged accomplices got away. Since the earthquake in San Francisco several agents declare they have discovered evidences of plots to smuggle in women at other ports. They believe details of a plot involving men from Boston to California will be developed at the coming hearing.

Americans Captures Prizes.

London, June 8.—Four prizes were captured by American exhibitors this morning at the International Horse Show. "Sir Humphrey," owned by F. Pabst, of Milwaukee, captured another first in the competition for stallion of any breed. Fred M. Lay, of New York, took first prize in the pairs competition for four-year-old and over with Margurite Maragrgve and Rossworthy. Pabst captured a second prize in the two-year-old Hackney fillies class with Matchless Princess. A third was the best Alfred G. Vanderbilt could do. His "Rustling Silk" took this position in the single harness competition.

Ran Into Open Switch.

Pittsburg, Pa., June 8.—Dashing aloug through Washington county late yesterday afternoon, train No. 5 on the Wabash Railroad, the St. Louis express, ran into an open switch at Acheson and crashed into a freight train standing on the siding. Both engines were demolished and the combination baggage and smoking car on the express train was telescoped. Two men were killed instantly, another died while en route to Pittsburg and many persons were hurt. The wreck is said to have been caused by the carelessness of a switchman who is said to have left the switch open.

Deed of Enraged Husband.

Oleanyville, R. I., June 8.—Rage at finding a man he suspected of paying too much attention to his wife installed as a boarder when he returned home after a two week's absence is believed to have driven George Lonsdale to attempt today the destruction of his whole family. As the result of his wild shooting his 11-year-old daughter is dead and he and his wife are in the hospital with bullet wounds from which Lonsdale himself will probably not recover. The boarder, after being the target of two shots, escaped uninjured. His name could not be ascertained.

Coyne Destitute.

Chicago, June 8.—John Coyne, who was commissioned by Admiral Dewey to carry his message of victory over the Spanish fleet in the Bay of Cavite, May 1, 1898, to the United States consul at King Kong is destitute here today.

He hobbled into the Harrison street station last night and asked for lodging. While in Washington recently he was robbed of his railroad tickets to St. Paul and more than $200. According to his story he traveled to Chicago free, being passed from one conductor to another along the line.

President Roosevelt and the Negro.

Baltimore, June 8.—That President Roosevelt has lost his popularity and prestige with the colored voters throughout the country appears to be the opinion of reputable colored men who are in touch with the political sentiment of their race. It is said that they feel that he did not treat the negro soldiers fairly. The negroes, it is said, look upon Mr. Taft as a representative of Mr. Roosevelt, and consequently will not vote for him should he be a candidate.

Ground to Death.

New York, June 8.—While a half dozen of his companions yanked at his limbs and sought to tear his clothes off John Wurth was ground to pieces before their very eyes in one of the huge machines at the Sugar Refinery in Brooklyn today. The man's clothing was caught in the machinery and he was dragged in to his death, his agonizing screams only ending when the life was crushed from his mangled body. The remains were taken to the police station in a sack.

Amicably Settled.

Havana, Cuba, June 8.—The strike at Santiago caused by the demand of laborers on the docks and on the tramways for an eight-hour day has been peaceably settled, according to report to Governor Magoon. The compromise suggested by the arbitration commission for a nine hour work day has been finally accepted by the laborers who accepted the proposition temporarily. Up to the very last moment some laborers refused to compromise.

The Newfoundland Fisherie's Dispute.

London, June 8.—According to the Birmingham Post a conference is to be held at Washington between President Roosevelt, Mr. Bryce, the present ambassador, Sir Wilfred Lurier, of Canada, and Sir George Bond, Premier of Newfoundland, to settle all questions in connection with the Canadian-Pacific and Newfoundland fisheries disputes. It is predicted that at this conference a solution of all differences will be reached.

The New York Stock Market.

New York, May 8.—The stock market opened quiet, but with stocks generally upward. The market continued strong, opening higher and making material advances during the first hour, with buying orders coming from many sources. Although efforts were made to cover shorts, few stocks could be obtained by brokers for bear operators.

Hau Confesses.

Berlin, June 8.—Suffering a complete break down on being told of the suicide yesterday of his wife, who drowned herself in a lake in Switzerland, Carl Hau, professor in a college at Washington, today made a confession that he murderer his mother-in-law, Frau Moliter, at Baden-Baden, last November. Hau has been gradually going to pieces since his imprisonment. The news of his wife's suicide was broken to him suddenly and he was prostrated. Then he made his confession. Need of money, he said, prompted the crime. It is supposed the double affliction of her mother's death and the charge against her husband caused Mrs. Hau to end her life.

Donation from Astor.

London, June 8.—Gifts to the amount of $50,000 were distributed today by Wm. Waldorf Astoria, the American millionaire, to four London charities for the care of homeless destitute children. A part of the money will be used in providing summer outings for the waifs of London.

Carlin and Progress.

The campaign now on for Congress in the old eighth district, has been warm, but thoroughly decent and a credit to the gentlemen who have been engaged in it.

Our friend and fellow citizen Mr. Carlin has set the admirable example to his competitors of using discretion and courtesy from the beginning of the campaign to its close, and thereby he has made many friends. The manner in which he has conducted his canvass, even when some people have been so unjust and discourteous as to assault him, without truth or provocation, has proven the temper of the man and his ability to hold his own in any field. Chas. Carlin has proven, good tempered, he has proven himself a strong and capable man, one that can and will discharge the duties of congressman with ability and dignity. The voters of this District should vote for Carlin, Because, he is Capable, Because he is straightforward, able and honest, Because he does not go behind a man's back and slander him, or stab him in the back, Because he is a self made man, a true friend, and a hard worker, one who, when he gets to Congress will not forget his friends, and who will faithfully serve his District and his constituents.

We invite the fullest scrutiny into the life of Charles C. Carlin, we denounce as maliciously false all slanders made against him by pettifoggers and penny-a-liners. His life speaks for him, friends know and believe in him, his home life is an example to all, and his devotion to the principles of Democracy are such as should endear him to every loyal Democrat in the old eighth. Vote for Carlin and progression.—*Alexandria Times, May 21.*

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Cornerstone Laying.

Alexandria-Washington Lodge of Masons with other members of the fraternity left this city about noon today for Washington where they participated in the laying of the cornerstone of the new Masonic temple in that city.

The temple is to be erected on a triangular plot of ground at the intersection of New York avenue, 13th and H. Streets.

The ceremonies were conducted by the Grand Lodge of the District of Columbia headed by Grand Master Francis J. Woodman. In this ceremony two of the valued possessions of the Masonic order of America were used—the gravel and trowel used by George Washington in laying the corner stone of the Capitol in 1793. The gravel was loaned by Potomac Lodge, No 5, of Washington, and the trowel by Alexandria-Washington Lodge, No. 22, of this city. Worshipful Master Lem. Towers, jr., of Potomac Lodge, No 5, acted as bearer of the gravel, and Worshipful Master Thomas B. Cochran, of Alexandria-Washington lodge, bore the trowel. Fredericksburg Lodge, No. 4, of Virginia, loaned the Bible used by that lodge when Washington was made a member of the order.

Following the laying of the stone, Past Grand Master Matthew Trimble delivered an address on behalf of the grand master. President Roosevelt subsequently spoke on the Masonic order. Commissioner Henry L. West, the visiting grand masters, and Hon. James D. Richardson, sovereign grand master of the Southern jurisdiction of Scottish Rite Masons, also delivered addresses, and Rev. Joseph Dawson, grand chaplain, pronounced the benediction.

The grand Lodge will entertain the members of the Temple Association and officers of visiting lodges at a banquet tonight at the Raleigh.

The Suicide of Geo. C. Fairfax.

As was stated in the Gazette, George C. Fairfax, who was confined in the jail at Fairfax Court House, awaiting a preliminary examination on the charge of murdering Isaac Frank Woodyard, a merchant of Farr postoffice, near Clifton station, last Tuesday afternoon, committed suicide yesterday. When Jailer W. B. Cross went to the cell in which Fairfax was confined yesterday morning he found the prisoner lying on the floor suffering from the effects of some poison. Dr. Peyton Moncure and Dr. Howard Fletcher were summoned and they discovered that Fairfax was under the influence of strychnine. He was still able to talk and confessed he had taken the drug with suicidal intent. A small vial containing several tablets of strychnine was discovered in the room. Fairfax stated that he had secreted the bottle in his underclothes before his arrest, and had managed to smuggle it with him when he was locked up. His death followed later.

Arrangements had been made for a preliminary examination of the prisoner before Justice of the Peace R. R. Farr, at Fairfax Court House next Monday morning at 10 o'clock. It is said that the friends of the accused would have attempted to establish a plea of insanity in his defense. His mind, it is claimed, had been impaired for some time. Some months ago he attempted to commit suicide by hanging, but was cut down by his wife in time to save his life.

Fairfax was about thirty-eight years of age. Besides his wife several children survive him. Up to the time of the tragedy he was engaged as a mail carrier on the route between Fairfax Courthouse and Farr postoffice.

Sent on to Court.

Charles Markell and Harvey Robinson, two young men of this city, who were arrested in Washington charged with stealing copper wire in this city from the Western Union Telegraph Company, were brought here yesterday afternoon by Officer Ferguson. The prisoners were brought before Justice Caton in the Police Court this morning when, upon their own confession, they were sent on to the grand jury.

Will Take an Appeal.

Mr. Chas. Bendheim, attorney for the local Brotherhood of Locomotive Engineers, will appeal to the Commissioners of the District of Columbia in the case of Capt. W. H. Mathews and Capt. J. E. Mulhall, who, by the findings of the police trial board, were exonerated of the charge preferred against them in connection with the death of Engineer Hugh Murphy, of this city, who was killed in a wreck on the Southern Railway in Washington. Mr. Bendheim will contend that under the law the Commissioners may provide a penalty in the case of Capt. Mulhall, who is completely exonerated, and increase the penalty recommended in the case of Capt. Mathews, who is found guilty of the charge of having struck Capt. W. A Dixon, of the fire department, such action being conduct unbecoming a member of the police force. According to the evidence, Capt. Mathews was clutched on the arm by a man in the crowd during the excitement incident to the accident, and he struck the person in order to be released. The person struck proved to be Capt. Dixon, of the fire department. An explanation and apology immediately followed, which appeared to have been entirely satisfactory to Capt. Dixon, who made no charges against Capt. Mathews.

Fire at River View.

The bank of light southeast of Alexandria about 10:30 o'clock last night which attracted considerable attention was caused by the burning of the barroom and merry-go-round at River View. The loss on building and stock is estimated at about $4,000, partly covered by insurance. The wooden structure and its store of liquors made a brilliant blaze. The barroom was situated to the eastward of the group of amusement buildings, and a light wind which was blowing from the east threatened the destruction of the entire resort. The crew of the steamer St. Johns and others, however, worked assiduously and confined the fire to the barroom. It is thought that the fire was started by a spark from the engine which runs the merry-go-round.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Abel Douglas, colored, charged with assaulting Susie Luckett, forfeited his collateral by failing to appear.

Frances Hayes, colored, suspected of the larceny of a pocketbook and contents, had her case continued.

Charles Markell and Harvey Robinson, charged with the larceny of wire, were sent on to the grand jury.

Harry Dade, colored, charged with assaulting Thomas Gibson, was fined $50 and sent to jail for 60 days.

Charged With Larceny.

Frances Hayes, colored, who says she is a native of Washington, and is employed as a domestic in this city, was arrested by Policeman Lyles yesterday morning on suspicion of having found and retained a pocketbook containing $36, which was lost on the street several days ago. The woman, it was said, resisted arrest. A young colored man named Samuel Tucker lost a pocketbook containing $36 a few days ago. The woman was brought into the Police Court this morning but in the absence of certain witnesses the case was postponed.

Assaults.

Harry Dade, colored, was arraigned in the Police Court this morning charged with assaulting Thomas Gibson, also colored, with a baseball bat. The assault was committed last Saturday night. Gibson received a serious scalp wound. Dade was fined $50 and sent to jail for 60 days.

Abel Douglas, colored, was arrested yesterday charged with assaulting Susie Luckett. He left $25 collateral for his appearance this morning, but he could not be found when the case was called and forfeited that sum.

The Market.

There was an increased supply of country produce in market this morning. Butter was selling at 25 cents a pound and eggs at 20 cents per dozen. There was an abundance of green stuff on the benches which was being sold at moderate prices. Strawberries were plentiful, selling as low as 8 cents a box. It was thought they would sell still lower during the day.

Tetter Cured.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. Chamberlain's medicines give splendid satisfaction in this community.—M. H. Rodney & Co., Almond, Ala. Chamberlain's medicines are for sale by W. F. Creighton & Co. and Gibson & Timberman.

Luna Park Notes.

Since the opening date Luna Park has undergone many changes. Several concessions were tried and tested and found wanting. With a view of giving the public the best obtainable results, they have been replaced by others of a more appealing nature, one worthy of special mention being the new and costly illusion "Creation," which has replaced the illusion formerly presented in the "Temple of Mystery." The version of "Creation" that Manager Goodfellow has installed is an exact counterpart of the one now being presented at New York's famous Coney Island.

For the current week an act that will prove of especial interest to children is Professor Pamahasika's Bird and Canine Circus, one of the most costly equipped animal acts vaudeville can boast of. Professor Pamahasika's collection of birds embraces many rare varieties, and his performing troupe of dogs are endowed with intelligence that is almost human.

Tuesday, June 11th, Outing of the Columbia Typographical Union, No. 101, and Women's Auxiliary, and Daughters of Rebecca Lodge, I. O. O. F., of Alexandria, will visit the park.

Personal.

James Pulman, the youth who was recently operated upon at the Alexandria Hospital for appendicitis, is still in a serious condition.

A committee will go to Washington on Monday evening to escort Mrs. Henderson, president of the U. D. C, and her party to this city. The palace car Mt. Vernon has been placed at the disposal of the ladies and an enjoyable evening is anticipated.

Mr. Clarence Howell, of this city, graduated from the Bliss School of Electricity in Washington, and has secured a position with the Potomac Electric Company.

Mrs. McCuen, the venerable mother of Mr. W. H. McCuen, was stricken with paralysis while at the home of the latter, 113 north Alfred street, a few days ago, and her condition is serious.

Ceremonies at Arlingtom.

R. E. Lee Camp, Confederate Veterans, has received an invitation to attend the services to be conducted tomorrow in Arlington National Cemetery in honor of the memory of the Southern soldiers, whose remains are interred there. The member of the camp will leave here at 2 o'clock Sunday afternoon for Arlington. It is expected that many Alexandrians will accompany the camp.

To Leave for Richmond.

The Alexandria Light Infantry, company G of the Seventieth Virginia Regiment, 50 strong, under command of Capt. P. J. Murphy, will leave here at 5:07 o'clock this evening for Richmond, where they will join the other companies previous to departing for the Jamestown Exposition.

Charter.

The Corporation Commission has granted a charter to the Potomac Contracting Company, Alexandria. J. H. Lee, president, Washington, D. C.; H. W. Blunt, jr., secretary and treasurer, Washington, D. C; H. N Garner, Alexandria. Capital stock, $5,000 to $10,000.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; He says: 'Doctors got badly mixed up over me; one said heart disease; two said it was kidney; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranted to cure blood poison, weakness and all stomach, liver and an, weakness and all stomach, liver and kidney complaints, by E. S. Leadbeater & Sons, druggist, 50c.

Dienelt's Pharmacy rides the favor of all intelligent people. The reason is not hard to understand. Reliability describes it exactly. The Franco-Japanese Entente.

One of the immediate results of the Franco-Japanese entente which is on the point of being signed has been the tender by France of her good offices to the United States in case she can be of service in promoting a complete understanding between the United States and Japan, covering their respective interests in the far East.

France believes that the United States should become a party to the series of ententes, recently arrived at between the powers, guaranteeing the status quo in the far East and the best means of avoiding possible future complications and misunderstandings, and has formally communicated to the United States government her readiness, now or in the future, to further negotiations in that direction.

The United States, while not availing itself of France's services, expressed in its reply its deep sensibility and appreciation of the friendly offer.

Although the entente does not include a commercial treaty for Indo-China, pending the conclusion of such a treaty it guarantees the most favored nation treatment for Japanese in Indo-China and French subjects of Indo-China in Japan.

Suicide of Lieut. Richardson.

Mack Richardson, whose resignation as first lieutenant in the Twenty-sixth Infantry was accepted Thursday by President Roosevelt, took a dose of morphine and prussic acid at San Antonio, Texas, that night from which he died.

Lieut. Richardson was to have married the daughter of Capt. Kelly, who was stationed with the Twenty-sixth Infantry at Brownsville. On the day set for the wedding he did not appear, wiring that he was ill. The wedding guests were assembled, waiting for him to appear. The wedding was fixed for a second time, but he missed one train and arrived three hours late. When he did not appear at the hour set for the wedding, Miss Kelly and Capt. Kelly left for Washington and Lieut. Richardson returned to Fort Sam Houston. Within a short time his resignation was sent in and Col. Brown, commanding the Twenty-sixth Infantry, recommended that it be accepted. The President followed the recommendation, and last night a telegram to that effect was received in San Antonio.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, cold, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumanic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by W. F. Creighton & Co. and Gibson & Timberman.

A Dangerous Deadlock.

that sometimes terminates fatally, is the stoppage of liver and bowel functions. To quickly end this condition without disagreeable sensations, Dr. King's New Life Pills should always be your remedy Guaranteed absolutely satisfactory in every case or money back, at E. S. Leadbeater & Sons's drug store. 25c

Killed by a Bull.

Michael McBent, head stockman at Castle Gould, the country place of Howard Gould, at Sands Point, N. Y., was gored to death by a bull yesterday. McBent went to the stable to feed the bull, and as he was leaving the building the animal turned on him and knocked him down. McBent screamed for help, and his cries were heard by Charles Lawrenceville, butler for the Untermeyer family, lessee of the Gould place, who went to his aid.

Lawrenceville seized a large hay fork and attacked the bull, causing the infurated animal to leave McBrent and pursue a second victim. Lawrenceville fled with the bull after him. He was hit by the bull's horns and knocked down, but escaped serious injury.

Other employes of the estate rallied and drove the beast into a stable and barred the door. They then turned their attention to McBent. He was lying unconscious in a pool of blood, and it was seen that he was badly hurt. Hurry calls were sent for several physicians, but the man bled to death before one could reach him. The sharp horns of the bull had pierced his abdomen and punctured his vitals.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.
